

Chris Boersma, CET

Senior National Property Specialist

Edmonton, AB

Overview

Chris Boersma is a Senior National Property Specialist with over a decade of industry experience. He began his career in 2014 as a Quality Control Technician and Project Technician where he gained field experience in civil construction and engineering. He then transitioned to estimating, gaining experience as a construction estimator, and advanced estimating experience as a Chief Estimator. This background in construction and engineering provides him with additional insight into project cost analysis and building appraisal. He holds a Certified Engineering Technologist (CET) designation and completed a Diploma in Civil Engineering Technology at the Southern Alberta Institute of Technology.

Chris has extensive experience across a range of large residential, commercial, and industrial losses, including:

- Multi-unit condo losses up to \$6.2M
- Church losses from fire damage up to \$4.9M
- Institutional/school losses from water damage up to \$1.5M
- Restaurant losses from sewer backup and fire up to \$1.3M
- Property damage appraisals for the City of Edmonton, including a \$4M water loss at the John Janzen Nature Centre and \$1.4M fire loss at Telus World of Science
- Numerous major CAT events, including the Fort McMurray floods (2020), Ontario windstorm (2022), Fox Lake wildfire (2023), Jasper wildfire (2024), and multiple Alberta hailstorms
